

# Bibliography of Academic Writings in the Field of Chinese Law in Western Languages in 2011

*Knut Benjamin Pißler/Sarah Möller<sup>1</sup>*

The bibliography of academic writings in the field of Chinese law in western languages was first published in the year 2003 in this journal (*Zeitschrift für Chinesisches Recht/Journal of Chinese Law*). The bibliography aims to give readers an overview on articles in academic journals, contributions to edited volumes, monographs and textbooks published in English or German in the field of Chinese law. Writings in other western languages could only partly be considered.

Regarding relevant German-language literature, the issues 1 to 12 of the journal „*Karlsruher Juristische Bibliographie*“ (KJB) of the year 2011 were screened for articles relating to Chinese Law. Simultaneously the classification scheme of the KJB was used as a model in this bibliography as follows:

<sup>1</sup> Dr. iur. Benjamin Knut Pissler, research associate at the Max-Planck-Institute for Comparative and Private International Law in Hamburg (Email: pissler@mpipriv.de). Sarah Möller is studying Sinology at the University of Hamburg and was doing an internship at the Max-Planck-Institute in March 2012.

Concerning English-language literature we mainly focused on periodicals and books available at the library of the Max-Planck-Institute for Comparative and International Private Law (MPI) in Hamburg. The catalogue of the library of the MPI is available via the homepage of the institute at [www.mpipriv.de](http://www.mpipriv.de) (OPAC). Besides we scrutinized fee-charging databases like Westlaw, LexisNexis, Juris and Beck-Online for relevant articles.

We admit that this bibliography is not comprehensively including all literature in western languages on Chinese law published in the year 2011. Readers are explicitly encouraged to remind us of pieces we left unnoticed.<sup>2</sup> We will include these in the next bibliography to be published in the second issue of this journal in the year 2013.
